

Why choose us?

ABC sell products from every manufacturer and can offer you a FULL range from every manufacturer. You are not tied to use one particular supplier's product.

- ABC will recommend the product right for you and your job. If you choose to buy direct off the manufacturer, they of course can and will only recommend their own, even if it isn't right for you.
- Combined - 748 years of experience.
- We will guarantee the quality of each and every product we sell, even if the manufacturer will not. If there is a problem that is product related we will rectify it.
- We "own" our own transport fleet and all of our drivers are company drivers. This means we are able to offer a far better control of all deliveries, schedules, and can react to any changes to your deliveries very quickly.
- We have 9 yards spread from Sunshine Coast to Coffs Harbour. No other competitor has this same amount of yards spread across this same area. This means that if you fall short of a product, you can conveniently pick up from any one of these yards saving you travel time and \$.
- All Yards have full displays and also stock bricks, blocks, paving and retaining, and are managed by very experienced local people.
- 748 Years of quality experience means the right advice when choosing the right product for your job. Not all products do the same thing or withstand the same climate and test of time, even though they may look the same!!
- Because we are the largest Distributor of Bricks, Blocks and Pavers in Australia, we can still offer our customers pricing that is not any dearer than dealing direct. So once again the value is that you get the price AND the right product by having the vast array of options from ALL SUPPLIERS IN ONE PLACE.
- All of our Team undergo continual training on the latest products and their applications as well as customer service focus and improvement.
- We have maintained stock levels across all locations, so you should never find yourself "out of stock".
- Our main competitors are publicly listed Companies who cannot react to the market, give unbiased advice, or make last minute changes that you may need. We at ABC can do all of this though because we are a privately owned "hands on" local and family business.
- We understand that your project may change along the way and we are very flexible to any changes to product type, quantities and delivery times. All at no extra cost.
- For all Block Jobs we have "in house" block specialists that can supply you with an block quantity estimate at absolutely no charge. We can take the hassle and confusion of this technical aspect of your block jobs away from you.
- Our local Sales Representatives works with you to assist manage your job needs. The Sales Representatives are all locally based and on call.
- We are a big supporter of the local community via sporting and club sponsorship programs, and also support the great work from the following organisations like "Young care", "Salvation Army", "Breast Cancer Awareness", and the "Kidney Foundation".
- Our Customers are Happy Customers who keep coming back. Refer to testimonials...
