BRICKS
style with substance
Recognised as one of Australia’s leading manufacturers of quality clay building products, Austral Bricks continues to build its reputation for delivering top quality products.

We lead through style and product innovation, creating materials for beautiful environments, not just bricks. We understand that building a home is a unique personal expression and that the products you choose make a lasting statement about your style.

That’s why our products offer beauty and style your way.

100 years of vision and innovation in brick

Crafting bricks has come naturally to us since 1908.

With a history that extends more than 100 years, Austral Bricks has a proud tradition of 100% Australian ownership and today, Austral Bricks operations consist of 12 factories across six states. We are committed to continuing to inspire and innovate through product and style.

STYLE INSPIRATION
be inspired by form, function, colour, texture and pattern

Style Ambassador

““The evolution of style is something I am really passionate about. My personal style is about self-expression and innovation as well as classic qualities that stand the test of time. Bricks are the starting point of beautiful homes, great structures and well-designed spaces presenting endless opportunities for design visions. This journey with Brickworks means that I can take my love of style and function into the built environment and I’m really excited about the design possibilities.”

Kate Waterhouse Style Ambassador

Style Collaborators

“This unique range of curated colour palettes has been carefully designed to meet the needs of the style conscious consumer – you. These schemes speak to current trends and have been created with longevity and enduring style in mind. We have used our industry insider knowledge and interpreted what’s happening in the market now as well as looking to the future of residential design.”

Kim Chadwick Trend Forecast Director

“A home really comes to life when you add that third dimension of colour and texture to the floor plan. No matter whether you’re a traditionalist or looking to push visual design boundaries, one of these palettes is sure to perfectly complement your style. In working on these palettes I visualised our customers and developed suites that would suit their style and lifestyle needs and enable them to use colour and texture to enhance and highlight design elements.”

Zoe Condoleon Design Specialist

On trend colour schemes

Austral Bricks has collaborated with trend and design industry professionals Kim Chadwick and Zoe Condoleon to create a selection of colour schemes that will not only inspire, but also give you the confidence to choose the scheme that will make your home perfect.

Our expert Colour Consultants will help you utilise these colour schemes to make exterior colour selections to suit your project.

Visit us at our Design Studio or Centres or go to australbricks.com.au/styleinspiration to find out more.
BENEFITS
of Austral Bricks

Low maintenance
Clay bricks don't need paint or other treatments to maintain their aesthetics and durability. They are strong, reliable and relatively maintenance free.

Affordable
Brickwork doesn't need painting, rendering or any other coating to preserve its look and durability, making it highly cost-effective.

Expansive colour and profile range
Brick's natural colours and textures enable you to create both striking façade contrasts and more traditional neutral colour schemes.

Energy efficient
Combined with intelligent passive building design elements, clay bricks can help moderate building temperatures and reduce energy consumption.

Absolute strength
Clay bricks are stronger and have a lower rate of absorption than concrete bricks, making them easier to work with.

Brick is sustainable
Made from organic minerals found in shale and local, naturally abundant sources of clay, brick's long-lasting life cycle offers ongoing environmental and health benefits.
THE RANGE

style with substance
Introducing Allure, a range of beautifully unique bricks created to make a glamorous design statement that outlasts the ages. Designed for both internal and external applications, the soft lustre of Allure makes it a stylish and elegant brick that is ideal for feature work. Make a bold statement of your design sensibilities with this sophisticated brick.

Single header brick standard | Double header brick made to order
The finely honed finish of the Ultra Smooth range is created using the latest in advanced ceramic technology to create a brick that’s the definition of refined and tactile elegance. Available in four colours that move from subtle to stunning, Ultra Smooth is perfectly aligned with the design mores of contemporary architecture.

With its lustrous, high-gloss finish that’s perfectly honed to catch the light and reflect architectural excellence, the Opulence range is truly Australia’s most luxurious brick. Produced using cutting edge ceramic technology, these bricks combine rare beauty with natural strength so that you can build the luxury design statement you’ve been dreaming of.
LA PALOMA

European style and sophistication

Capture the lively spirit of Spanish artists with the La Paloma range of icy white and coal black bricks that challenge the traditional possibilities of brick manufacture. With their unparalleled quality and multiple size options, this truly stylish range makes a confident proclamation of your intentions.

Dimensions

- La Paloma 230 L x 110 W x 76 H mm
- La Paloma 50 230 L x 110 W x 50 H mm
- La Paloma Grande 50 290 L x 110 W x 50 H mm

* *Azul only available in 230 L x 110 W x 76 H mm

DESIGNA BASALT

Finest quality real stone

Precision cut and beautifully finished, Designa Basalt is the ideal feature for both internal and external use. These bricks are cut from natural basalt – similar to that used in the cobbled streets of Rome – and finished in three different surfaces and two sizes. This ancient, yet on-trend colour palette of moody greys will complement any home as an internal or external feature panel.

Dimensions

- 470 L x 69 W x 76 H mm
- 470 L x 69 W x 162 H mm

**BURLESQUE**

*a dramatic expression*

Turn a bold state of mind into a bold design statement with the eye-catching Burlesque range. Their high gloss finish means that even soft neutrals can speak volumes. Available in 13 standard colours, including jet black and fiery red, the Burlesque range is not for the faint of heart.

**GALLERIA**

*eye-catching blends*

This versatile range combines light-reflecting bricks of similar tones to enable you to create a random, or highly styled pattern. Galleria gives you the ability to take your vision and transform a wall into a work of art.

---

**SPECIALTY**

*colour redefined*

From the breathtakingly bold to the gentlest of hues, the possibilities for Specialty Colours are endless. The colours shown here were created for specific projects but the options to create your own custom colours are almost infinite. Design without limits and let us help you make your unique design a reality.*

*Specialty Colours only available for certain projects and are POA.

---

**Note:** Specialty and Galleria both come in Standard Face, Double Header, Cant & Single Bullnose bricks. * Made to order
The hidden depths of this face brick are revealed when the light is just right. The Metallix range will lend an air of subtle sophistication to your project.

**METALLIX**

*reflective brilliance*

Blackstone

*Zinc and Graphite are also available in 470 x 110 x 50 mm

**Dimensions**

230 L x 110 W x 76 H mm

470 L x 110 W x 50 H mm*
CAMILLA
an explosion of colour

Inspired by her love of its art and architecture, fashion designer Camilla Franks’ collection of colourful glazed bricks brings the energy of Mexico to life. With their reflective finish and sunny saturated tones, combined with a temptingly touchable face, these bold bricks will inject your project with joy.

Indulgence is a solid, stylish and innovative range. The three classic colours and subtle texture of these bricks brings a quiet confidence to your project. In combination with each other or on their own, they project understated style.
With its cafe culture-inspired colour palette the Urban One series is poised to perfectly complement contemporary designs. It pairs well with stone, timber and render or provides an understated, monochromatic backdrop for design and finishing statements.

Selective for modern applications or more traditional interpretations, the Whitsunday range pairs well with timber and stone to create your ideal piece of paradise.

It's the subtle depth and variation of colour that's captured in every brick that brings this range to life. Inspired by the beauty of Australia's wilderness, these bricks make a dramatic visual proclamation when contrasted against modern building materials.
Experience and the finest quality materials combine in the Governors range to create a highly sought-after sandstock brick. Using high quality clays and shales that capture the colours and textures of nature, with traditional manufacturing methods, result in an authentic sandstock brick that has enduring appeal.

PRINCIPLE
integrity and style

Inspired by Australian brickmaking methods that span hundreds of years, the Principle range takes the best of the past and creates new rules for style, texture and versatility.

The highly textural nature of these sandstock-style bricks make them design feature in their own right in either a modern or more classic setting.

Symmetry
ultra sleek, sharp looks

Especially developed to accommodate vast architectural designs, the Symmetry range is also suitable for smaller projects looking for a razor sharp design sensibility.

This range of modern colours is perfect for those larger projects and decorative brickwork. Their smooth finish ensures clean lines that let architectural innovation shine through.

EVERYDAY LIFE
modern sophistication

Everyday life deserves to be stylish and that philosophy underpins the Everyday Life range – a suite of bricks with a unique textured finish and a wide variety of colours. Designed to enhance your new home or project, this versatile range has a brick to suit your style.

OLD COLONIAL
stylish quality

The traditional colours and textures of the Old Colonial range make it the perfect brick for a classic home – adding substance and quality to your project. The subtle variations inherent in the face of the brick give it a visual energy that states your confident style.

METROPOLIS
simply elegant

Let the simplicity of the Metropolis range inspire your next large-scale building project. Available in a range of complementary colours that make decorative brickwork easy, this range of bricks have a wire-cut finish and colour consistency that will enhance design and structural integrity.

TEXTURES
Cohesive style

Individual and authentic, the Textures range is perfect for maintaining the original integrity of your home while still allowing the freedom to expand. Available in the traditional colours of cream and red, the Textures range is all about a consistent and harmonious extension of your style.

// style with substance
For almost a century our brick presses have been moulding the solid, authentic pressed bricks that make up this premium selection. With their crisply-defined edges, these honest bricks exude quality and will maintain their appeal and durability for generations to come.

Their traditional elegance, rich colour blends and subtle face textures are characteristics acknowledged by discerning architects, builders and homeowners.

Note: There is also a range of Nubrik Shaped Bricks available to help create distinctive architectural features. See website for details.
Beautifully crafted and supremely versatile, Bowral Bricks is the foundation shaping the future. Combining technology and tradition, our range not only offers exceptional structure and longevity, it gives you the ability to take on distinctive forms and create a defining moment.

Because at Bowral Bricks, we’re not just for inspiring the imagination. We’re for building it.

**TECHNICAL details**

### Mortar Colour

Off-white mortar is currently the most popular colour. This is made by mixing light coloured cement and white sand and results in a traditional bricks and mortar look. Mortar can be coloured by adding powdered or liquid pigments to the mortar as it is being mixed by the bricklayer. It can also be tinted to match the brick colour, giving a very even wall colour. Please consult with your bricklayer what their mortar colouring offering is before making your final decision.

### Mortar finishes

There are four common mortar finishes and these various finishes result in different shadow lines on the wall. A raked finish will create a deep shadow in the mortar joint. This brings out the horizontal lines of the wall. A raked joint will create shadow lines, but these are much finer and more subtle. A flush joint doesn’t allow shadow lines to form at all, giving the wall a flatter, more unified look. Using a mortar colour to match the brick will take this a step further.

**DURABILITY**

**Brick range durability**

**EXP = Exposure grade**

Suitable for use in external walls exposed to aggressive environments, such as; areas subjected to salts in the soil, below ground material or ground water, in coastal areas exposed to attack from windborne fine spray, or retaining walls subjected to fertilisers and ground salts.

**GP = General purpose**

Suitable for internal and external walls only when above a sheet or roof or similar top covering.

**Suitable for use in external walls only when above a sheet or roof or similar top covering.**

**Solar absorbance rating**

In the design of energy efficient buildings, the architects and consulting engineers need to be able to calculate the total or gain of materials used to construct these buildings. For this reason, our product range has been categorized into three colour groups –

- **Light (L) > 0.475 Light**
- **Medium (M) 0.475 - 0.2 Medium**
- **Dark (D) < 0.2 Dark**

To assist architects and consulting engineers with their calculations.
